

**NOBLE COUNTY  
DEPARTMENT OF JOB AND FAMILY SERVICES  
PREVENTION, RETENTION AND CONTINGENCY (PRC)  
PROGRAM**

The Noble County Department of Job and Family Services strive to provide comprehensive services that are designed to promote personal responsibility, family stability, economic security, and self-sufficiency.

The Noble County Department of Job and Family Services will operate a Prevention, Retention, and Contingency (PRC) Program designed to provide benefits and services to needy families and low-income employed families who are in need of help with essential supports to move out of poverty and become self-sufficient. These supports include non-recurrent, short-term, crisis-oriented benefits and, ongoing services that are directly related to the four purposes of the TANF program which does not meet the federal definition of assistance.

PRC assistance will be authorized with the expectation that the PRC assistance group will then be able to function without additional agency help. Services are provided to an assistance group to prevent them from relying on cash assistance and guide them to self-sufficiency by helping them through the presenting crisis. Services are also provided to a PRC assistance group to help members retain employment, and thereby to achieve or continue self-sufficiency. In addition, services are provided to a PRC assistance group to meet a presenting or contingent need which, if not satisfied, threatens the safety, health, or well-being of one or more PRC assistance group members.

**Assistance Group Composition**

PRC benefits and services are available to a family assistance group (AG) which includes a minor child under age 19 and a full-time student or a pregnant individual who is at least six (6) months pregnant as defined in the Ohio Revised Code. Household composition will include all in the household who will derive a direct benefit from the PRC. PRC benefits and services are also available to the non-custodial parent. A non-custodial parent means a parent of a minor child who does not live in the same household as the minor child but is a resident of Noble County. Only non-custodial parents who have paid 50% of their preceding 90 day child support obligation is eligible for TANF services. An eligible family must consist of a pregnant individual who is at least six (6) months pregnant or a minor child who resides with a parent, specified relative, legal guardian or legal custodian.

A child may be "temporarily absent" from the home yet the child and his/her family may still qualify for PRC. The absence of a member of the assistance group is temporary if the individual has been absent for no longer than 45 consecutive days, location of the absent individual is known, there is a definite plan for the return of the absent individual to the home, and the absent individual shared the home with the assistance group prior to the onset of the absence. An exception to the 45 consecutive days applies when a child is removed from the home by the children services agency due to abuse, neglect or

dependency if the agency indicates there is a reunification plan to return the child to the home within six months. During this period, the child is considered to be residing with the parent, specified relative, legal guardian, or legal custodian. An eligible family may also consist of a minor child residing with a parent, specified relative, legal guardian or legal custodian and other members of the household who may or may not be related to the minor child, as these people may enhance the family's ability to achieve economic self-sufficiency.

### **Eligibility**

In order to receive PRC benefits and services, a member of the assistance group must be a citizen of the United States or a qualified alien as defined in Section 5101:1-2-30 of the Ohio Administrative Code.

Eligibility for PRC is dependent upon the assistance group's demonstration and verification of need for financial assistance and/or services, and whether the agency determines that provision of PRC will satisfy the presenting needs. In order for eligibility to be determined, the gross income of the assistance group must be compared to the economic need standard established for the benefits and services requested. The economic need standards will be based on Federal Poverty Guideline measures which will be updated as the Federal Poverty Guidelines are revised. When determining eligibility for the PRC assistance group to receive benefits or services, the assistance group's income must be equal to or less than the economic need standard.

PRC benefits and services are available only to residents of Noble County, unless otherwise noted. Residence is established by living in the county voluntarily with the intent to remain permanently or for an indefinite period. All applicants for PRC benefits and services will be required to provide verification of residency.

Assistance groups (AG's) with striking members shall be ineligible for PRC unless the AG was eligible for benefits the day prior to the strike and is otherwise eligible at the time of application. For PRC purposes, a "striker" shall be anyone involved in a strike or concerted stoppage of work by employees (including a stoppage by reason of the expiration of a collective bargaining agreement) and any concerted slowdown or other concerted interruption of operations by employees. Examples of non-strikers who could be eligible for PRC include (1) employees whose workplace is closed by an employer in order to resist demands of employees and (2) employees unable to work as a result of striking employees and (3) employees who are not part of the bargaining unit on strike not wanting to cross the picket line due to fear of personal injury or death. Pre-strike shall be determined by considering the day prior to the strike as the day of application and assuming the strike did not occur.

If the applicant for PRC, or any other adult in the household, has an outstanding OWF/FA/PRC/Child Care overpayment, the person with the overpayment must enter into an agreement with the agency to start repayment of the outstanding overpayment. To be eligible for subsequent PRC, the repayment must be current. If payments are not maintained, any subsequent PRC requests may be denied.

An applicant for PRC is responsible for completing all necessary documents, furnishing all available facts and information, and cooperating with the agency in the eligibility determination process. There will be no PRC eligibility if the assistance group fails to make use of available income or resources that are sufficient to meet all or a portion of the presenting need.

### **Income**

The total gross income, both earned and unearned, of all members of the PRC assistance group will be counted, with the exception of earned income of a minor child. This includes all income which is normally exempt or disregarded when determining eligibility for Ohio Works First (OWF). All income received by the PRC assistance group during a 30-day budget period will be considered when determining financial need. The 30-day budget period begins thirty (30) days prior to the date of the PRC application and ends on the application date, unless that time does not accurately reflect the expected income. In that instance, the income that is projected to be received within a 30-day budget period which begins on the date of the PRC application may be used.

For cases in which the income cannot be accurately obtained, the agency will implement practices that are reasonable and prudent when determining countable income. A signed ODJFS 7341, "Applicant/Recipient Authorization for Release of Information" will be obtained from the applicant for an inquiry.

Once the release is received, verification which is obtained by telephone will contain clear documentation in the PRC assistance group record concerning the name and position of the supplier of the information, the date the verification was obtained, the amount of verified income, and the name of the individual who obtained the verification. More stringent verification will be required when PRC benefits and services involve a direct monetary gain by the applicant and opportunities for fraud are prevalent.

Resources are excluded from all benefits and services under this plan.

### **Community Resources**

The availability of resources within the local community (Noble County and the immediate surrounding area) will be explored prior to authorization of PRC. A PRC assistance group shall apply for and utilize any program, benefit or support system which may reduce or eliminate the presenting need.

Agency personnel authorizing PRC will be aware of the community and/or agency resources that could assist a family in need of immediate services such as OWF, DA, SSI and food assistance, as well as Unemployment Compensation, Social Security and special energy programs. Attempts to locate community resources and arrangements made with other service providers will be documented in the PRC assistance group record.

### **Ineligible Family Assistance Groups**

According to Federal and State law, the following assistance groups are not eligible for PRC:

1. Families without a minor child;
2. A single individual, unless that individual is at least six months pregnant;
3. An individual who is not a citizen of the United States or a qualified alien;
4. Families that fraudulently received assistance under the OWF, Food Assistance and PRC programs until repayment occurs.

### **Repayment**

For some selected benefits, a "Repayment Agreement" must be signed with the Noble County Department of Job and Family Services prior to PRC issuance. The PRC assistance group has some options concerning the repayment of the PRC funds.

For those prevention services, retention services, and/or contingency services that require repayment, the PRC assistance group may elect 1) to repay the funds received; or 2) retain employment for a period of three consecutive months; or 3) perform community service. Community service will be determined by the dollar amount of PRC received and the prevailing wage rate of \$10.00 per hour for all sites.

The Noble County Department of Job and Family Services reserve the right to waive the repayment requirement for a household if there are extenuating circumstances.

Effective April 1, 2015, all repayment agreements prior to January 1, 2014 will be waived.

PRC is restricted to one time only payments made within a twelve consecutive month cycle.

The twelve consecutive month cycle will be extended indefinitely for those household that contain an adult who received a previous PRC payment as an adult which was not fully repaid by any of the repayment methods listed above. Failure to repay may result in legal action. The PRC Repayment Agreement outlines the specific guidelines for repayment.
